PALLTEC®

The special blade for pallet recycling

Product Group 44

mm	Inch / tpi	5/8	4/6
34 x 1,10	1 1/4" x 0.042	■	
54 x 1,30	2" x 0.050		■

The perfect tool for dismantling wooden pallets. It is made of high-quality bi-metal material with a special tooth design that allows it to easily cut through wood and nails.

Allows for fast cutting and faster turnover/increased productivity.

Bi-Metal

Product Features

Standard Tooth
neutral rake angle

Areas of Application

Pallet dismantling
all shapes and sizes

Product Advantages

Vibration reduction
while running

Robust tooth design
for increased shock
resistance

Cuts through nails
with minimal kerf loss

Available Options

- Cut-to-length welded bands
- Boxed coil stock (328 ft or 164 ft)
- Bulk coil stock (656 ft)
